

Quick Change Plate

SERIES

FEATURES

EXCELLENT FOR

- Time sensitive applications
- Abusive applications
- Waste industry
- Minimal downtime

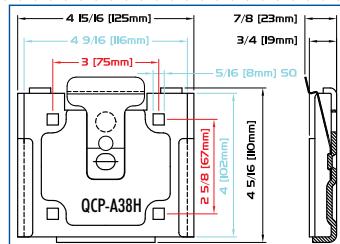

ALGOOD

FINISH:

Corrosion resistant bright zinc finish

DESCRIPTION:

Quick Change Plates (QCP) are designed for abusive caster applications without having to remove nuts & bolts. The QCP can lower your labour costs and eliminate having to tighten nuts and bolts. The QCP is designed to be welded or bolted to your unit and have the caster easily slide into the QCP and lock into place. The QCP is used so the caster can be removed during transport and re-installed when ready. Minimal downtime.

PART NUMBER

Plate	Part Number	Shipping Weight (lbs)
		
A25D	QCP-A25D	0.63
A38H	QCP-A38H	1.25
