

VSP WHEEL[®]CAPACITIES UP TO **850 LBS**

VSP Mag

OPERATING TEMPERATURE: -22F to 176F Continuous
-40F to 212 Intermittently

HARDNESS: 75-80 Shore A

Caster World's VSP Wheel features a Cushion Rubber tread pressed onto a Polypropylene Rim. This wheel can be fitted with an array of Ball and Delrin bearing solutions. Commonly used on Hand Trucks, and Appliance trucks throughout North America, the VSP has proved itself time and time again making it the solid choice in material handling cart applications.

VSP

VSP Spoke

OPTIONS**OPERATING CHARACTERISTICS:**

- Puncture proof,
- Quiet rolling,
- Cushioned,
- Resilient,
- Excellent life expectancy,
- Low starting effort under load on uneven floors.

BEARING OPTIONS:

- "BB" – Ball Bearings
- "BBHD" – Precision Ball Bearings
- "DB" – Flanged Delrin Bushing

EXCELLENT FOR:

- Dollies
- Floor Protection
- Quiet Operation
- Stock Trucks
- Wheelers
- Hand Dollies
